Using your telephone

Identifying the terminal you are on
The number of your telephone is displayed on the 'Info' page.

Access the 'Info' page using the navigator.

Making a call

Lift the receiver and press the key associated with 'forward to voice mailbox'.

If the key flashes, a new voice message or a new text message has been received.

Pressing the key next to 'call to be called' icon

To make an external call, dial the outside line access code (0) before dialing your party’s number.

Answering a call

Press the key next to 'incoming call' icon

If necessary, confirm cancellation of the forward

Voice message service

Reviewing your voice mailbox

If the key flashes, a new voice message or a new text message has been received.

Press the key next to 'review voice or text message'

Calling a second person during a call

During a call, you can call a second person (consultation call):

- Press the key associated with the type of forward required (immediate, if busy, if no reply etc.)
- Press the ok key if programming is not automatically recorded
- Make the call

Placing a call on hold (HOLD)

During a call, you may place the call on hold and recover it later, on the same telephone.

During a call

- Press the key next to 'cancel or deactivate the forward'
- Press the key next to 'hold'
- Press the 'hold' key to recover the call on hold
